

PERALATAN KALIBRASI ALKES DAN UJI KESESUAIAN PESAWAT SINAR-X

PERFORMANCE ANALYZERS

FLUKE

Biomedical

New ESA 712 & 715

ESA 712 & 715 is a compact and high-performance analyzer for **Electrical Safety Testing on medical equipment**. Equipped to perform key measurements including: **Earth Resistance, Insulation Resistance, Leakage Current, and Mains Voltage**.

For use in various environments including: **Hospitals, Field Service, and Biomedical Maintenance Facilities**.

New IDA6

IDA-6 is high precision instrument that measures **Flow, Volume, & Pressure**.

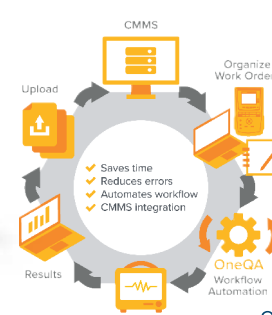

For use on a variety of infusion devices: **Peristaltic, Syringe, Drip Counters, CADD, and volumetric types**

OneQA Enabled	Enhanced speed & accuracy
Modular Channels	Ease of Use
IntelliFlow Technology	Wifi

Finding your way

The RaySafe X2 touch screen interface allows the user to view data in a comprehensive, yet flexible way.

The home screen displays every available parameter from the attached sensor.

To zoom in on any parameter, just tap it for a larger view.

Use a quick swipe to display waveforms, and pinch to zoom into details.

QUANTUM
PT. QUANTUM INTI AKURASI
Supports Your Quality System

MEMILIKI LABORATORIUM KALIBRASI & SERVICE CENTER RESMI FLUKE BIOMEDICAL INDONESIA - JAKARTA

PT. Quantum Inti Akurasi selaku agen tunggal FLUKE Biomedical telah memiliki Laboratorium Kalibrasi dan Pusat Perbaikan dengan lisensi resmi dari FLUKE Biomedical (USA) Sejak 04 Mei 2015

- ✓ Pastikan alat ukur dan alat kalibrasi Anda tetap terkalibrasi sesuai dengan PERMENKES Republik Indonesia No. 54 Tahun 2015.
- ✓ Segera hubungi kami, service center resmi untuk FLUKE Biomedical di Indonesia
- ✓ Laboratorium kalibrasi kami memiliki SDM profesional dibidangnya dan telah tersertifikasi oleh FLUKE Biomedical (USA)
- ✓ kami bukan hanya melakukan kalibrasi tapi melakukan *adjustment* dan firmware terbaru
- ✓ Waktu Perbaikan & Kalibrasi lebih singkat
- ✓ Biaya Perbaikan & Kalibrasi yang lebih terjangkau
- ✓ Bergaransi

VISI

Menjadi salah satu pemasok peralatan QA terbaik di Indonesia

MISI

- Mendengarkan dan merespon kebutuhan pelanggan.
- Menawarkan solusi yang tepat guna & tepat harga.
- Memberikan dukungan dan pelayanan purna jual yang terpercaya.
- Terus meningkatkan kualitas pelayanan kepada pelanggan.
